Cultivating and Caring for Creation
How Catholics are leading and participating in a new commitment to respect and protect creation
 With highlights from "Church Teachings on the Environment"
 Justice and Peace Commission, Canadian Conference of Catholic Bishops, 2013.
 Twelve videos and study guides

"Cultivating and caring for creation is God's indication given to each one of us not only at the beginning of history; it is part of His project; it means nurturing the world with responsibility and transforming it into a garden, a habitable place for everyone."
 Pope Francis, World Earth Day, June 2013

A new ecological awareness is beginning to emerge which, rather than being downplayed, ought to be encouraged to develop into concrete programmes and initiatives.
Saint John Paul II, 1990

In all of creation and, especially in human beings, there is a kind of epiphany of God.
Benedict XVI, 2011

We are living in a time of crisis: we see this in the environment, but above all we see this in mankind. The human person is in danger: this is certain, the human person is in danger today, here is the urgency of human ecology!
Francis, 2013
